A Way to Buy Good Orchids For Less

Fennell's Orchid-a-Month Club

Through Fennell's Orchid-a-Month Club, you will be able to purchase four of the plants listed for the price of three, or if you purchase all 12 plants offered during the year, at one time, you will be given an extra Dividend Plant in addition to the 4 Dividend Plants included in the four groups.

Of course, these are all strong flowering size plants taken from our regular stock.

September—*LC. RED OAK* x *C. BOWRINGIANA*. This is the largest flowered, most spectacular of the cluster flowered cattleyas we've seen. Each flower 4 to 6 inches in diameter, dark lavender to purple, up to 12 per spike. Flowers August to December. Strong plants in 6" pots \$17.50 ea.

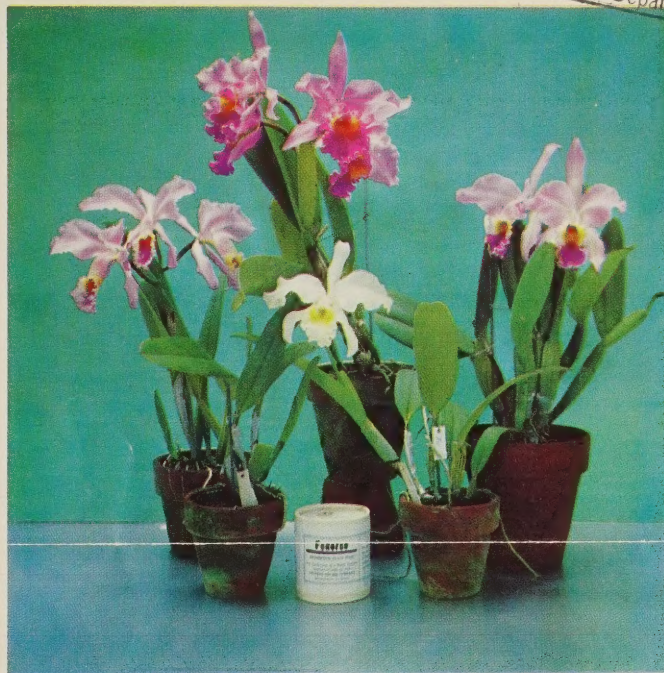

October—*C. SNOWDEN* x *C. CLEMENTINE GOLD-FARB*. A fine fall and winter flowering pure white cattleya. Flowers large and of good substance. Very like *C. St. Petersburg*. Compact plants in 5" pots \$15.00 ea.

November—*C. WELLSIANA* x *B. DIGBYANA*. Showy, large white flowers with a faint blush on edges or backs of sepals and petals. Lip large with beautiful fringe. Flowers several times yearly. Strong plants in 5" and 6" pots \$25.00 ea.

DIVIDEND—If you order all three plants above at one time we will include as a **SPECIAL DIVIDEND** a fine young plant of *C. Triclotho* valued at \$15.00

December—*DENDROBIUM NOBILE*. A fine, easily grown orchid for those who want something different. Large plants in 5" pots \$15.00 ea.

January—*C. ENID* x *C. HARRY GRAY*. A large flowered, strong growing, free flowering hybrid cattleya. Description on pg. 4. Strong young plants in 5" pots \$12.50 ea.

#218—NEW IMPROVED STARTER COLLECTION—You save \$15.00. **Five plants**—2 flowering size *Cattleya trianaei* (Christmas Orchid), 1 flowering size hybrid and 2 "Soon-to-Bloom" hybrids, 1 of which is white. Includes 1 pound Fenorco Plant Food. All **five** plants for only \$25.00

Make Up Your Own Collection

SELECTION A

Select any five or more plants you want. Add the amounts as shown in our catalog, deduct 10% from the total and you have the net cash price for the selection. (No collection such as #218, the "Starter Collection," can be included in either Selection A or B.)

SELECTION B

Select any 20 or more plants you want, add the amounts as shown in our catalog. Deduct 20% from the total and you have the net cash price for the selection.

You can pay for the plants bought under either Selection A or B through our "Grow Along" Plan, if you prefer.

"GROW ALONG" PLAN

The principle of this plan is the same as a "Lay-Away Plan," except that in the case of orchid plants they are making growth and increasing in value as you make your payments.

Order your plants and send \$1.00 or more to hold them.

Orders up to and including \$12.50 may be paid for at \$1.00 per week (or more if you prefer).

Orders from \$12.50 through \$25.00 may be paid for at \$2.00 per week (or more if you prefer).

Orders of \$25.00 and up may be paid for at \$5.00 per week (or more if you prefer).

Your orchid plants are marked with your name and put aside when we receive the initial payment. They will be "Growing Along" and when the plants are paid for, shipment will be made to you.

HOW TO READ THIS CATALOG

How plants are listed: Our plants are listed under **generic or hybrid name**, such as Cattleya, Laelia-Cattleya, Vanda, etc. **Size**, such as seedlings, larger plants etc., and **color**, such as lavender, dark, white etc.

Soon to bloom—These plants in 3 and 4" pots are from 8 to 12" tall and should bloom within 12 to 18 months.

In sheath—These plants have flower sheaths already developed, and should bloom this year.

1 or 2 lead—These are mature, flowering size plants. Each lead should produce one to two stems of flowers this year.

We are listing many kinds of plants and have a great many others in too small quantities to list. If you are interested in any particular species or hybrid we do not list, write us and we will be glad to quote you on it, if we have it. We are very likely to have almost any intermediate or warm house orchids. We do not grow cool orchids, such as Odontoglossums and the cool growing Cymbidiums.

ORCHID PLANTS—

THE GIFTS THAT ALWAYS PLEASE

We have a number of customers who send orchid plants regularly as gifts. As one of them expressed the other day, "Most of my friends are well off financially. I used to have trouble finding anything that they'd like, but now I inquire to see if they're interested in gardens and if they are, I send orchid plants. They always hit the spot. My friends invariably are pleased out of all proportion to the cost of the plants."

You can place your orders now, and we'll ship at any time you say.

GROWING INSTRUCTIONS—ADVICE

We have folders with complete growing instructions for orchids in your home or greenhouse which we include free with every plant order. These instructions are sent free to all our customers but if you are not a customer we will be glad to send them to you upon receipt of \$1.00 check or cash.

We also conduct an information service for our customers and we are always glad to answer any questions you may have at any time — please don't hesitate to write.

CANADIANS write to your Canadian Department of Agriculture, Ottawa, and request that they send you an import permit. You will be sent a permit number and an address sticker. Send the address sticker to us with your order. We advise shipment to Canadian points only between May 1 and October 15.

We Want You to Succeed!

Our orchids are all carefully selected, strong, healthy plants. We do not sell back bulbs or culls. If you want to succeed, start right with strong plants. We furnish growing instructions with all plants.

WE PACK ALL PLANTS VERY CAREFULLY—WE GUARANTEE SAFE DELIVERY—ANYTIME—ANYWHERE IN THE UNITED STATES.

We Lend Orchid Slides To You Free

We have a very fine collection of Kodachrome 35mm slides of our orchids, Vandas, Renantheras, Phalaenopsis, Cattleyas, Dendrobiums, and many other rare and unusual orchids, which we loan to Orchid Societies, Garden Clubs, and any other interested groups. The pictures are accompanied by a typewritten description of the plants, where they come from, how they are grown, etc.

These slides can be projected easily by any good 35mm slide projector. If you want to show these pictures to your group, write us, giving us a choice of dates if possible and we will send them to you. *Your only cost—the cost of postage back to us.*

50 as above.....	210.00	"	"	"	
25 as above.....	115.00	"	"	"	

This collection includes - 40% trianaei, (The Christmas orchid); 35% C. Gaskelliana, (or mixed with C. Gigas in any proportion you desire); and 25% mixed hybrids. It should give you heavy flowering during the early winter and May-June social seasons with some flowers throughout the year. These plants are from our regular stock, have a high proportion of darks, and are all good cut flower varieties.

WE ALSO HAVE:

100 bare root back divisions, 3 to 5 bulbs all with good eyes, selection as above					\$150.00 F.O.B., Homestead, Florida
1000 as above.....	1350.00	"	"	"	
50 as above.....	80.00	"	"	"	
25 as above.....	45.00	"	"	"	

These plants are not for the beginner as they come to you with bare roots out of pots, and should be potted immediately. But for the more advanced grower they offer a wonderful opportunity to get a good collection cheaply.

You can pay for these plants on our "GROW ALONG PLAN" in which case we send you freshly divided plants at the time your payments are completed. Otherwise, all prices are for cash with order.

For osmunda, growers supplies, plant food and the finest collections of orchids offered anywhere, study this issue of the "Fennell's Orchid News".
